T: 01275 463601 E: mail@signetsigns.co.uk

We offer a competitively priced design, manufacture and installation service for high quality School Signs. Based on over 45 years of service to the education sector, we encompass everything from initial site surveys, to design & colour proof/s, to installation by our own DBS / CRB checked teams. Installation teams are also Institute of Safety and Health trained.

Our high quality School Signs & Thermoplastic Playground Markings will provide you with a safe, durable and colourful product which will last for a great number of years.

We have a vast amount of experience, having worked within the education sector for over 40 years, and are proud of our 'no quibble' guarantee, professional service and ability to liaise with you to create a bespoke design. We will not only meet your requirements but also provide other benefits you may not have considered, adding additional value to your order.

Colour proof/s will be provided prior to manufacture, drawn to scale with the goal of giving you a clear understanding of how the finished item will look. We will work with you to install at a time & date which best suits you.

Please don't hesitate to contact us should you have any questions at all, we are (to use a cliché) "Only too happy to help!".

Mike Rawlings
Managing Director

Every school has its own unique requirements. A fact which we always keep in mind when working with you.

We offer a professional solution from initial site survey all the way through design, manufacture and installation.

We have over 45 years experience of supplying outstanding signage & service to the education sector.

We have chosen a variety of our Main Entrance Signs to display on the following pages which may help to give you ideas / inspiration for your own school.

If you have any questions at all, please call us on 01275 463601

- Free full colour proofs are supplied with every quotation.
- We are one of a minority of sign companies with a fully CRB/DBS checked team.
- With over 45 years experience, we are well placed to answer any questions or to offer our expertise & guidance.
- Automatic credit terms for all educational establishments (schools / colleges)

Why not ask for a free quotation? Tel: 01275 463601 / quotes@signetsigns.co.uk

For post mounted signs, the posts can be positioned either behind the sign (as seen in the photos below and to the left), or they can be positioned at the ends of the sign as shown in the main photo above.

Traditionally the posts are 76mm in diameter, are round, and finished in a satin silver. However, we also use square posts and can colour them to any standard RAL / BS colour.

- Anti-graffiti film coatings available.
- Variety of material options.
- We can colour match your school colours to ensure brand continuity.
- Free colour proofs supplied with every quotation.

The sign at the top of the page (Horton CE VA Primary School) was made by taking a number of drawings the children had produced. We then digitised them and constructed the sign from a collection of the most suitable ones. We hope you agree that this has resulted in a vibrant, colourful and very unique sign they can be proud of.

We are able to produce any sign to any shape. We can work with drawings your children have produced (bright solid colours = better in this case) , from your guidance or we can produce proofs showing a variety of options for you to choose from.

School logos.

When correctly applied to the design, your logo can add a sense of identity and professionalism.

We understand not every school has access to a hi-res copy of their logo which is suitable for signage, and so have invested in our capacity to re-draw your logo in a format which will ensure it looks crisp and sharp for years to come. Why settle for less?

Adding a wave or curved top & logo to the sign adds a contemporary look to what would otherwise be a rectangle.

We design the shape of the sign to ensure that it follows the curvature of your logo and as a result, everything looks great!

01275 463601 mail@signetsigns.co.uk

We offer a competitively priced design, manufacture and installation service for high quality school signs. Based on over 45 years of service to the education sector, we encompass everything from initial site surveys, to design to fabrication / manufacture and into installation by CRB/DBS checked teams.

01275 463601 mail@signetsigns.co.uk

Please call us for a free no obligation quotation, 01275 463601. Alternatively we can be contacted by email: mail@signetsigns.co.uk

We are a family run business based on the outskirts of Bristol and are proud of our long standing reputation for customer service and quality.

The photographs on these pages are just a small sample of the hundreds of school signs we produce every year.

If you cannot see a design which meets your requirements, please let us know and we will supply a proof and quotation for your consideration.

Free proofs are supplied with every quotation. We also supply free colour samples, on request, to ensure you have complete confidence prior to manufacture.

We are one of a very small number of signage companies to have fully CRB/DBS checked installation teams. In our opinion, any company working regularly within the education sector should do this as standard.

Why not ask for a free quotation?

We have chosen a variety of our Noticeboards to display on these pages which may help to give you ideas / inspiration for your own school.

If you have any questions at all, please call us on 01275 463601

Lettering can be flat cut (as in photos) or built up (3D / chunky). The lettering can either be fixed flat to a surface or (as in photos) mounted on stand off fixings which allow the lettering to float in the air.

With a wide variety of colours, materials and experience we are well placed to offer advice / suggestions and competitive quotations for your requirements.

Wall mounted markings are a perfect way to make the most of your space and to fully maximise your pupils opportunity to learn whilst having fun. Wall mounted markings are made from aluminium composite with long life graphics to the face. Screw fixed to the wall, with colour matched caps.

We offer a wide variety of educational playground signage from literacy to numeracy to playground rules and more. All available in a range of sizes to suit your needs.

Acrylic Signs (top & bottom right photo). Precision cut by laser producing very professional and intricate looking signs at competitive prices. Fixed by hidden magnetic fixings / double sided adhesive tape on the back or screw fixings with anti tamper caps.

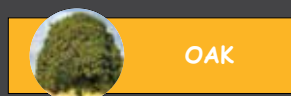

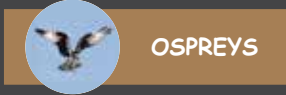

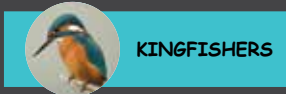

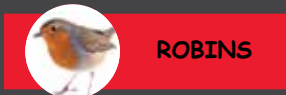

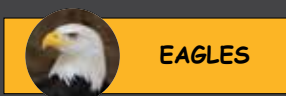

Slatz Door Signs. (middle left photo). Black plastic end caps are screw fixed to the door. The aluminium panel then clicks into place over the top allowing the sign to be moved easily from location to location.

Interchangeable Door Signs (middle right photo). Aluminium frame accepts an insert. Insert can easily be removed allowing for frequent updates. Alternatively, end caps can be fixed to either end of the frame which locks the insert in place.

What's not to like about these competitively priced projecting signs. Easily installed by yourselves (we can install if you like) and with vibrant images + class /room names these are one of our favourite designs for school signs.

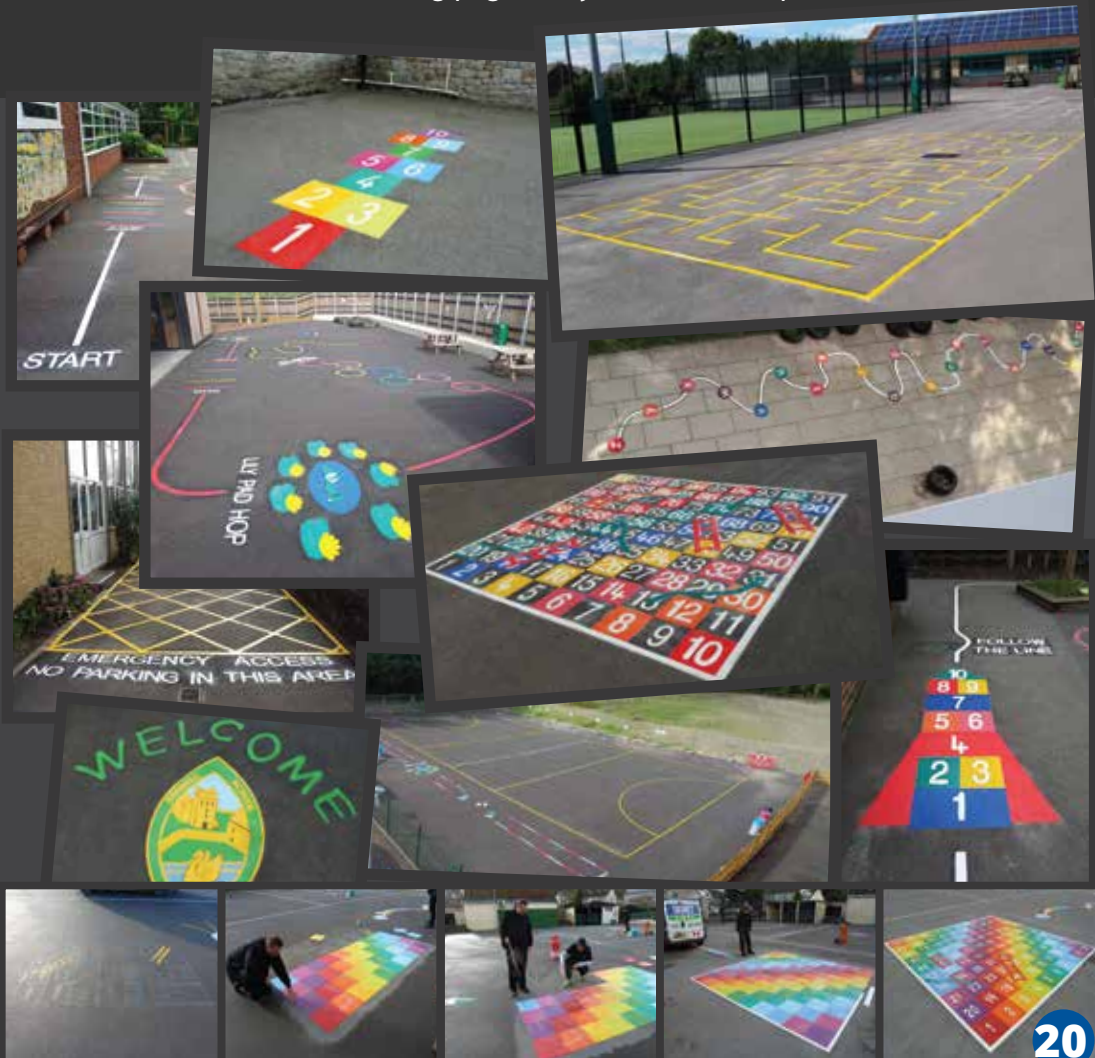

A correctly designed signage scheme should be easily understood by visitors, staff and pupils alike.

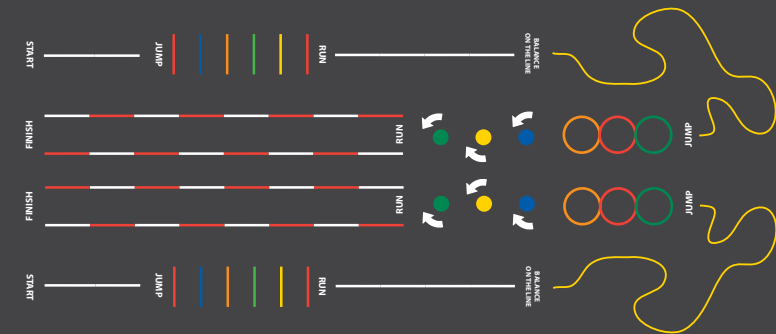

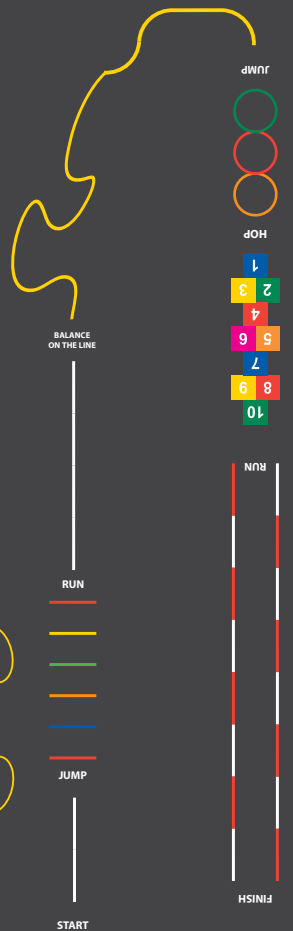

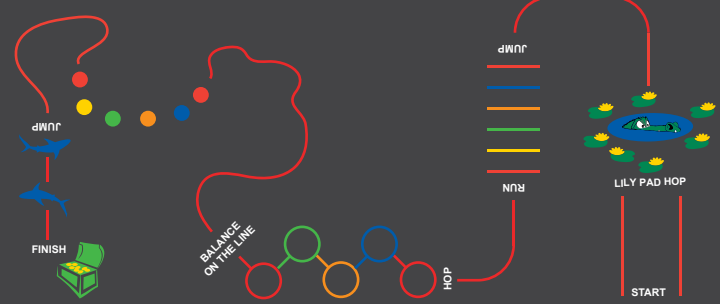

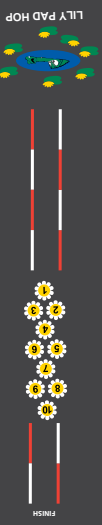

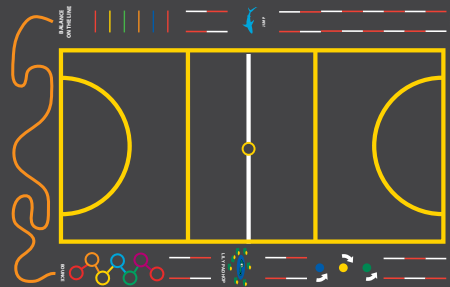

By incorporating a system which is easily understood and fits within its surroundings you'll allow visitors to navigate the site with confidence. We are happy to advise or attend site and produce a signage scheme for your consideration.

High Quality Thermoplastic

School PLAYGROUND Markings

Please note we have a separate catalogue showing our full range of markings.
Call 01275 463601 / mail@signetsigns.co.uk to request a free copy.
The following pages are just a small sample.

Exercise tracks are one of our most popular markings and it's easy to see why! Our exercise tracks are designed to suit the available space & your requirements. They offer superb value for money and limited only by the imagination.

If you want a hopscotch in the track, no problem!

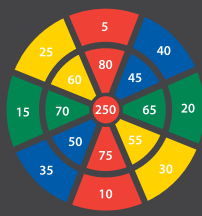

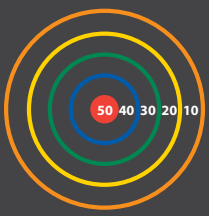

If you want a set of hoops,

a red & white running track, two sharks, a dragon hopscotch, some swerve circles, a purple balance line, a treasure chest and two lime green jump lines... no problem!

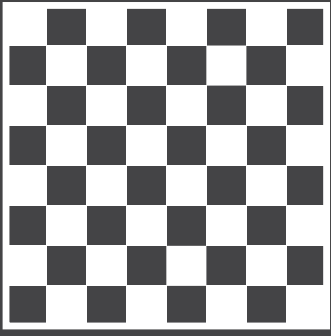

Odd shaped play areas aren't a problem as we design the exercise track to make best use of the area. Likewise, wide open areas give you the opportunity to invest in a track which will continue to provide fun and exercise for many years to come.

Why not contact us to discuss your requirements? Our details are at the bottom of this page.
